Ground floor:

On the ground floor you have a bedroom with a fitted wardrobe, a living room with a fireplace and French doors to the terrace. There is also a spacious kitchen with a utility room and a separate toilet. The front garden has a carport on the driveway behind an electric gate.

1st floor (-1):

Through a beautiful staircase where you can overlook all 4 floors you go down for the first floor. Here are 3 bedrooms (all bedrooms are equipped with air conditioning) and have direct access to the terrace. At the back there is another room with a large closet attached to it, these 2 rooms have no windows.

Roof terrace:

On the spacious roof terrace you have sun all day, there from wood in 2014 made a workshop with a nice roof attached.

Basement plus garden with indoor pool:

The 4th and last floor consists of a later made bedroom with doors to the garden side. Furthermore, it is a huge basement with a small kitchenette in it. This space lends itself to a gym or a game room with a pool table etc to make. Through double doors you enter the "garden" . The garden consists of a deck with a large pool in the middle. There is a retractable roof over it that you can manually slide open. The pool is not heated, but because of the roof that is not necessary.
